

MFP Circular 4

30 April 2026

**To: Shipping Agents and Representatives, Ship Masters, Shipowners and Others**

**Subject: Sand Dredging Activities Within the Waters of Muar Port Limits**

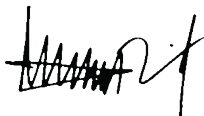

MFP Circular 3 dated 30 April 2026 is referred.

All sand dredging activities within and sand dredging vessels entering Muar Port limits shall be reported to the relevant Government authorities including the Maharani Freeport Authority.

Sand dredging vessels taking supplies or provisions within Muar Port limit shall only anchor at the designated anchorage area.

1. All vendors, service providers, contractors, traders and others operating within Maharani Freeport shall be approved and properly registered with the Freeport Authority. This includes all existing parties already providing services within Maharani Freeport. For the registration process, parties are to be referred to MEG OSC Sdn Bhd. For further clarification regarding the registration process, parties may contact us via email to [enquiry@meg-osc.com](mailto:enquiry@meg-osc.com) or [info@maharanifreeport.com](mailto:info@maharanifreeport.com).
2. Any supply of goods, provisions and services to the sand dredging vessels within Muar Port limit shall only be conducted through MEG Complex Tanjung Emas and in accordance with the applicable rules and regulations.
3. In relation to the above, every vessel entering and anchoring in Muar Port shall pay the appropriate fees and charges including light dues, port dues and anchorage charges.

Please be further informed that service providers or companies that are not registered with Maharani Freeport will not be allowed access to deliver the services. In this case, vessels may instead arrange supplies and services from companies already registered.
